

LISA PAVELKA WATER SLIDE TRANSFER - FINE ARTS

Lisa's easy to use waterslide transfers are great for all types of clay and craft applications. Each package contains images from 4 collections. When you purchase this product you will receive approximately 50-60 images.

All you need are scissors and water. Use either the preprinted transfers or create your own custom transfers for clay and other crafting surfaces. All you need are a pair of scissors and tap water. Each package contains complete instructions and tips for use.

The transfers can also be applied to other surfaces including metal, cloth, paper, wood and glass. They are a great way to embellish all of your creations!
