

LORTONE QT66 ROTARY TUMBLER 220V

Perfect for moderate production or tumbling larger items, our mid-size tumblers can accommodate 6 to 12 pound loads with the same outstanding performance as our smaller tumblers. Designed for continuous shop operation, they feature our patented barrels with 10-sided interiors, leak-proof closures, overload protected motors, and rugged steel frames. Extra versatility - great performance!
Double 6 lb. capacity barrels.
Barrels internal dimensions: d. 170 x h. 90 mm.
