

KILN TILE RACK - 18 SLOTS 10X10CM

Tile rack designed to optimise kiln space when firing ceramic tiles and test samples. It holds up to 18 tiles measuring 10 x 10 cm, keeping them neatly separated during firing. Suitable for temperatures up to 1300°C, this practical kiln accessory is ideal for ceramic studios, schools, workshops and glaze testing applications. **Key features**

- Holds up to 18 tiles measuring 10 x 10 cm
- Vertical space-saving design for ceramic kilns
- Ideal for tiles, glaze tests and ceramic samples
- Suitable for studios, schools and ceramic workshops
- Resistant to temperatures up to 1300°C
