

FUSING MOLD - SIMPLE CURVE 39,8 X 31,5 X 9 CM

Large tubular bowl to hold fruit or vegetables or magazines. The curve is strong enough for the glass piece also to stand upright as a sculpture. A shape also suited for a wall or small ceiling lamp. By lining up several of these moulds lengthwise, you create a mould for a large wall or lighting piece or other art work. Alter the look of the finished piece by cutting the glass narrower than the mould width
