

ITALFORNI MIKRO 2 ST KILN 74 LT 1100C

Italforni Mikro 2 ST Electric Ceramic Kiln The Mikro 2 ST is a compact and versatile kiln, ideal for workshops, schools, and ceramic artisans. With a capacity of 74 liters, it is perfect for firing bisque, engobed, and glazed pieces up to 1100°C. **Main features:**

- Digital temperature control via microprocessor.
- Ability to program up to 15 customized firing cycles.
- Each cycle can include up to 20 temperature and time stages.
- Real-time display of the active firing program.
- Automatic restart in case of power failure.
- Flag door with a viewing window to monitor the firing process.
- Internal lining made of high-quality ceramic fiber, reducing energy consumption by 50% compared to traditional systems.
- High-quality heating elements distributed evenly on three sides to ensure consistent temperature.

Made in Italy
