

BEAVERCRAFT C4 - WHITTLING SLOYD KNIFE W. OAK HANDLE

This razor-sharp sloyd knife is great for wood cutting and roughing. The knife features a straight blade for heavier stock removal with a rounded durable point. With this knife you can cut out spoons, scoops, walking sticks, slingshots and more.

Key Features:

- The knife is hand-made from high carbon steel, hardened and well sharpened.
- Sharpening the knife allows you to cut both soft and hard wood.
- handle made from ashwood and covered with natural linseed oil.
- Suitable for both for right- and left-handed.
