

WINSOR & NEWTON PROMARKER - SET 6 FLESH TONES 2

Highlight, outline, and blend to create beautifully realistic skin tones and portraits with the Promarker Skin Tones 2 set. The colors included in this set have been carefully chosen to complement each other and expand the palette of any illustrator. **This set includes:**

- **Burnt Sienna:** with richness and depth to create darker skin tones and mid-tone shading.
- **Cinnamon:** one of the lighter shades in the earthy color spectrum, with hints of red and brown.
- **Tan:** the rosiest shade in the brown color spectrum, effortlessly blends with cinnamon shades.
- **Blush:** delicate with a touch of warmth, strong enough to convey depth in light and peach tones.
- **Dusky Pink:** has a slight pink tone that has an almost chalky effect and is closer to brown than pink.
- **Spice:** warm and rustic, adds depth and intensity to vibrant hair colors and highlights.
