

## ARBORTECH TURBOPLANE - CARBIDE METAL WOOD MILLING DISC

The Arbortech TURBO Plane is a universal wood shaping blade that can be used to create different shapes, profiles and finishes. It can be used flat to create large level surfaces, or used at angles to provide shallow cuts for fine shaping, planing and sculpting. **Product Features**

- Wide cutting edge tooth leaves a smooth finish requiring minimal sanding
- Durable carbide teeth ensuring long blade life even in hard woods
- Easy to sharpen using a diamond 400 grit diamond file
- Excellent control, balance and safety (no cutting teeth on blade periphery)
- Freehand power carving in hard and soft timber
- Rapid sculpting, planing and trimming
- Can be used flat to create level surfaces or edging, or at an angle for free-formed convex and concave shapes
- Can be used with guides and templates for accuracy
- Attaches to standard 100mm (4") and 115mm (4 ½") angle grinders
- Works best with Power Carving Unit

### What's Included in the package

- 1 x TURBO Plane Blade
- 2 x Spacer Washer
