

STAINLESS STEEL TRIVET - 3 POINTS WIDE

This stainless-steel three-legged stilt is designed for counter-enamelling: it lifts your pieces away from the kiln shelf so excess enamel can drip clear without fusing to the metal, while promoting even airflow during firing. Its sturdy construction lets you safely move it with a kiln spatula (code 24637) even when red-hot. **Key features**

- Three sturdy legs for stability
- Heat-resistant stainless steel
- Supports round pieces Ø 25–60 mm
- Hot-handling with kiln spatula

Technical specifications

- Material: stainless steel
- Dimensions: 85 × 80 × 40 mm (W×D×H)
- Suitable piece diameter: 25–60 mm
- Compatible spatula code: 24637
