

ETCHING PRESS WITH REDUCTION GEAR ABIG 17250 - WIDTH 500 MM

The Abig 17250 geared printing press, Made in Germany, is designed for linocuts, woodcuts, etchings and intaglio printing. Its solid cast aluminium frame and Ø 80 mm steel rollers provide high and even pressure. The four-spoke handwheel with 2.2:1 planetary reduction ensures smooth, controlled operation, supporting formats up to DIN A2. **Key features**

- Planetary gearbox with 2.2:1 reduction ratio
- Strong cast aluminium construction
- Top and bottom steel rollers Ø 80 mm
- Pressure adjustable on both sides via star handles
- Multiplex bed with screwed electrolytic galvanized steel plate

Technical specifications

- Art. No.: 17250
- Compressive force: approx. 2,500 kg
- Surface pressure: approx. 2,500 kg
- Clearance height: approx. 24 mm (up to 40 mm possible)
- Roller width: 500 mm
- Ø top roller: 80 mm
- Ø bottom roller: 80 mm
- Table width: 300 mm
- Table length: 700 mm
- Maximum format: ≤ DIN A2
- Footprint: 56 cm x 46.5 cm
- Weight: approx. 34.1 kg
- Matching felt: approx. 49 cm x 90 cm
