

BRIER GLASS RUNNING PLIERS

The Creator's Brier Glass Running Pliers are designed to open scored glass cleanly and with less effort. Ideal for stained glass, Tiffany and decorative glasswork, they combine an ergonomic handle with a force-multiplying mechanism, while the rubber ball helps separate the glass smoothly and accurately, reducing the risk of chipping during repetitive cutting tasks. **Key features**

- Glass running pliers for clean, controlled score opening
- Multiplies running force by up to 5 times
- Ergonomic handle helps reduce hand fatigue
- Rubber ball supports smooth glass separation without chipping
- Lightweight construction for repetitive use
- Made in the USA

Technical specifications

- Type: glass running pliers
- Application: controlled opening of scored glass
- Force system: 5× force multiplication
- Contact element: rubber ball
- Weight: 5 oz (approx. 142 g)
- Origin: Made in USA
