

REPLACEMENT RUBBER PADS FOR NICK'S GRINDER MATE PLIERS

Original replacement rubber pads for Nick's Grinder's Mate, designed to provide a secure grip on glass during grinding operations. The rubber jaws hold the glass firmly while protecting it from scratches, chips and damage. As they wear over time, periodic replacement is recommended to maintain the tool's accuracy and performance. **Key features**

- Original replacement part for Nick's Grinder's Mate
- Provides a secure and controlled grip on glass
- Protects glass from scratches and damage
- Restores original tool performance
- Easy to install

Technical specifications

- Compatibility: Nick's Grinder's Mate
- Material: rubber
- Package contents: 1 unit = 2 pads
- Use: replacement of worn jaw pads

Instructions of usage

- Remove the worn pads from the tool jaws
- Install the new pads securely in place
- Use the plastic jaw separator when the tool is not in use
- Store with the jaws held apart to extend pad life
