

BRUSHLESS

PROXXON LHW/BL + LWB/BL LONG NECK MACHINE SET

The Proxxon Longneck Set combines the LHW/BL long-neck angle grinder and the LWB/BL long-neck angle drilling and milling unit in a practical professional L-BOXX case with a high-quality molded insert. Designed for tile installers, craftsmen and professional users, it provides a complete solution for cutting, milling, drilling, grinding and finishing, even in hard-to-reach areas. Both tools feature powerful 250 W brushless motors for high performance, reliability and long service life. **Key features**

- Professional set including LHW/BL grinder and LWB/BL drilling/milling unit
- Ideal for tiles, glass, ceramics, metals, wood and plastics
- Quiet, efficient and durable 250 W brushless motors
- Long-neck die-cast aluminum gear heads for superior accessibility
- Variable speed up to 16,000 rpm with integrated electronics
- Supplied in a robust L-BOXX case with molded insert and accessory storage space

Technical specifications

- Brand: Proxxon
- Set contents: LHW/BL (29202) + LWB/BL (29207)
- Power supply: 230 V
- Power per tool: 250 W
- Motor: brushless
- Maximum speed: 16,000 rpm
- LHW/BL: long-neck angle grinder with cutting depth up to 14 mm
- LWB/BL: angle drilling, milling, grinding, cutting and polishing unit
- Gear heads: die-cast aluminum with ball-bearing-mounted gears
- Housing: glass-fiber reinforced POLYAMID
- Case: professional L-BOXX system with molded insert
