

INLAND DB100 DIAMOND BAND SAW

The *Inland DB-100 diamond band saw* is the ideal tool for shaping cuts on glass, ceramics, stone, porcelain, shells, and more. Powerful and portable, this machine is a must-have for any artistic craft workshop. **Key Features:**

- Powerful motor with adjustable speed up to 3400 RPM.
- Spring tensioning system to absorb shocks and ensure perfect blade alignment.
- Continuous blade lubrication system, essential for diamond blade cuts.
- Integrated dirty water channels and drainage tubes to keep the work area clean.
- Adjustable blade guide based on the thickness of the material to be cut.
- Corrosion-resistant work surface: 230 x 250 mm.
- Quiet operation thanks to noise-absorbing plastic casing.
- Easily portable with a lightweight design.

Technical Specifications:

- Cutting clearance: 12 cm.
- Cutting thickness: 7.6 cm on glass bottles, 12 mm on flat glass.
- Minimum cutting radius: 5 mm.
- Maximum cutting radius: 12 cm.
- Cutting speed: 25 cm/min.
- External dimensions: 25 x 30 x h. 45 cm.
- Weight: 4.5 Kg.
