Preston Studios, one of the country's most innovative art glass studios, has generously opened up their photo archive of leaded glass installations to create an inspirational book of stained glass design. This nature themed collection will give you new and imaginative images, designs and concepts. It can be an inspiration for new projects, a resource for commissions, and is a visual feast for anyone who loves art glass. Most of the 84 color photographs showcase the glasswork in its installed environment, giving the reader a sense of the interior atmosphere.
