

VEG TAN LEATHER SHOULDERS ECO

These affordable cowhide shoulders are tanned in Italy. This leather is made from South American cattle, which have a different shape that makes the pieces more irregular. For the same reason, the part of the neck also has light "wrinkles", which can however be easily covered with color.

Approximate dimensions for whole piece: 100 / 110 x 130 / 150 cm (depending on the thickness).

The leather is sold by the piece, with irregular edges and may have small scratches or marks on the surface.
