

BULLSEYE 1120-30F - YELLOW D.RLD 3MM TRASP

Premium handmade Bullseye glass is ideal for high-quality kiln work. Specifically formulated and tested for compatibility, this glass withstands multiple firings for complex projects without devitrification. The flatter double-rolled surface minimizes bubble entrapment, so colors can be layered for custom hues. A subtle "catspaw" texture allows modest light transmission when used in stained glass projects, creating an organic look.
