

BULLSEYE 2109-30F - DARK BROWN WHITE D.RLD 3MM STREAKY

Premium handmade Bullseye glass is ideal for high-quality kiln work. Specifically formulated and tested for compatibility, this glass withstands multiple firings for complex projects without devitrification. The flatter double-rolled surface minimizes bubble entrapment, so colors can be layered for custom hues. A subtle "catspaw" texture allows modest light transmission when used in stained glass projects, creating an organic look.
 Thickness: 3MM
 Bullseye Code: 002109-0030F

Please note: Photo above is a general representation of glass colors. Colors may vary. Sizes are Approximate.
