

ALBION ALLOYS CONNECTO SYSTEM

The Connecto system consists of brass connections, of different shapes, which allow the creation of complex shapes using microtubes.

Key features

- Brass
- For use with Albion Alloys micro tubes, MBT / MAT / NST series
- The dimensions indicated refer to the internal diameter and diameter of the compatible tubes
- Connections can be glued together or soldered

SPECIFICHE

SKU	Diameter	Pieces x Pack
54539	0,4 mm	90
54540	0,5 mm	90
54541	0,6 mm	90
54542	0,7 mm	90
54543	0,8 mm	81
54544	0,9 mm	72
54545	1,0 mm	72
54546	1,1 mm	72
54547	1,2 mm	63
54548	1,3 mm	54
54549	1,4 mm	51
