

## MOTTLER BRUSH W. KOLINSKY SYNTHETIC SABLE 625 SERIES

Mottler with Kolinsky synthetic Sable with short handle in Payne's grey color, birch wood and non-toxic ecological water painting, with a nickel-plated brass ferrule. Series 625 mottler is perfect for:

- Large backgrounds
- Coverage effects and backgrounds drafting
- Decoration and varnishing

The new range of Borciani e Bonazzi IL PERFETTO brushes introduces the new technological synthetic fibre that has the same benefits of the Kolinsky Sable natural hair, but with an improved performance in terms of elasticity and resistance. A perfect mix of two-wave fibres with different diameters and conicity in order to guarantee:

- an accurate holding of the tip
- seamless absorbency
- return in shape

**IL PERFETTO** is:

- Vegan, Cruelty Free, Synthetic Sable with natural hair performance.
- The new synthetic fibre of IL PERFETTO Series, that replies perfectly the refined Kolinsky Sable, features extreme elasticity
- it's perfect for multiple techniques: starting from the fairly diluted ones, like oil glazes, acrylic and gouache, to the more diluted ones, such as watercolor, in particular the ones rich in pigment.
- In oil techniques, to dilute the color and clean the brush effectively it is preferable to use ecological and natural solvents.
