

MARABU YONO - UNIVERSAL ACRYLIC MARKER

No matter what material, style or project – **YOU ONLY NEED ONE**. Acrylic markers, suitable for almost all background materials. The bright colours are matt, opaque, light-fast and water-based (neon: semi-opaque, partially light-fast). The wet inks can be mixed, blended or used as watercolours. Once dry, the inks are waterproof and can be overpainted. **Product**

Highlights

- Whatever your background material, style or project – **YOU ONLY NEED ONE**
- Acrylic marker for almost all surfaces e.g. metal, glass, porcelain, wood, fabrics, stone, plastic, canvas
- The brilliantly bright colours are matt, opaque, light-fast and water-based (neon: semi-opaque, partially light-fast)
- The wet inks can be mixed, blended or used as watercolours. Once dry, the inks are waterproof and can be overpainted
- High-quality Japanese tip, all tips are replaceable

Available in the following tip sizes

- **0.5 - 1.5 mm** - Fine round tip
- **1.5 - 3 mm** - Wide round tip
- **0.5 - 5 mm** - Chisel tip

INSTRUCTIONS

- **SHAKE IT:** Before first use, shake the marker with the cap closed for 60 seconds. The mixing ball in the marker makes a clicking noise.
- **PRESS IT:** Slowly press the tip several times on a test paper until the ink is visible. When the ink flow is activated, the nib will slowly soak itself full.
- **TEST IT:** When the tip is filled with paint, test the marker on the test paper.
- **DRAW IT:** For even application of paint, pump regularly.
- **CLOSE IT:** Before putting it away, close the marker tightly with a distinct clicking sound.
- **STORE IT:** Always store the marker horizontally.
- For better durability, spray over artwork with Marabu varnish. Fix fabric in the oven at 150°C for 8 minutes.
