

## REMBRANDT SOFT PASTEL SET HALF SOFT PASTELS

### Rembrandt Soft Pastel Half Stick Set

Rembrandt soft pastels have been the world's most commonly used pastel for many years. Each color in the extensive range is made according to a unique formula. The raw materials used for each new batch go through very strict quality control. Rembrandt soft pastels are based on the purest types of kaolin and high concentrations of premium-quality pigments that offer the highest degrees of lightfastness.

#### Key Features

- Vibrant, pure soft pastels, available in sets of 15, 30, 60, and 90 colors.
- Made with high concentrations of premium-quality pigments
- Offer excellent color transfer and the highest degree of lightfastness
- Free of metal-based pigments (lead, cadmium, and cobalt)
- Skilfully crafted in the Netherlands
