

LEATHER POLISHING WHEEL FOR CRAFTPLUS BURNISHER

Leather polishing wheel for the Craftplus® Burnishing Machine. Made from vegetable-tanned leather, it is ideal for stropping hand tools from knives to edge bevelers. The edges of the wheel can be shaped to fit the contour of the tool you are stropping. Available in two sizes.

- **Material:** High-quality vegetable-tanned leather
- **Feature:** The edges of the wheel can be shaped to fit the contour of the stropping tool
- **Sizes:** Small wheel measures 40mm (1-3/5") diameter; large wheel measures 59mm (2-2/5") diameter
- **Ideal for:** The small wheel is perfect for bevelers; the large wheel is ideal for leather shears, head knives, or larger cutting surfaces
