

## MARABU TEXTIL PRINT - WATER-BASED FABRIC INK

Marabu Textil Print is a brilliant, matt, water-based printing ink for light fabrics free of finishes and conditioners (max. 20 % synthetic fibres). With high viscosity and slow drying, it is ideal for screen and relief printing. Once heat-fixed, it becomes washable up to 40 °C, offering long flow time, soft handle, and lasting colour brilliance. **Key features**

- Water-based, odour-free and saliva-resistant
- Brilliant, matt finish with soft touch
- Long open time and smooth flow
- Perfect for screen or relief printing
- Washable up to 40 °C after fixing

### Technical specifications

- Fixing: oven 8 min at 150 °C or iron 3 min without steam
- Washing: up to 40 °C after fixing
- Base: water
- Viscosity: high (dilutable with water)
- Suitable fabrics: light, finish-free, up to 20 % synthetic

### Instructions of usage

- Apply on clean, finish-free fabrics
- Dilute with water if needed
- Allow to dry thoroughly
- Fix with heat (iron or oven)
- Wash after fixing only
