

MAGNETIC FELT POLISHING LAP WITH HOLE

Professional felt polishing disc for glass finishing, designed to achieve high brilliance when used with cerium oxide. The white felt provides a soft, even surface for controlled polishing, while the magnetic backing ensures fast and secure attachment. Used slightly damp, it improves efficiency and reduces overheating risks. **Key features**

- White felt disc for fine polishing
- To be used with cerium oxide
- Quick magnetic attachment
- Uniform, controlled polishing
- Slightly wet use

Technical specifications

- Diameters: 304 mm, 610 mm
- Bores: 16.4 mm (304 mm), 25 mm (610 mm)
- Material: felt
- Backing: magnetic
- Use: wet
