

NEOPRENE CONTACT ADHESIVE ARTIGLIO SUPER 620

Artiglio Glue is a low-viscosity neoprene adhesive with excellent spreadability and strong resistance to heat and humidity. Ideal for general use and especially for repairing uppers, leather and hides, it ensures firm bonding on cork, wood, felt, cardboard and some plastics. Not suitable for Teflon, PTFE or Nylon. Perfect for both craft and professional applications. **Key features**

- Low-viscosity neoprene adhesive
- Easy to spread
- Heat- and humidity-resistant
- Ideal for leather, hides and footwear repairs
- Adheres to wood, cork, felt and cardboard
