

FILATO MOSAIC MIX FOR BACKGROUNDS

“Perfect Background” pulled enamel thread kit for micromosaic, made with hand-pulled filati following traditional craftsmanship. Designed to help create neat, precise and well-filled backgrounds, it allows you to cut regular square tesserae as well as small triangular or round filler pieces for closing difficult gaps between the main tesserae. Available in black and ivory.

Key features

- Hand-pulled enamel filati
- Ideal for clean and even micromosaic backgrounds
- Suitable for cutting square, triangular and round tesserae
- Filler elements help close gaps and difficult spaces
- Available in black and ivory
